

Plates

Durable and resistant plates for challenging environments.

- Self-harm and suicide resistant plates for challenging environments.
- Plates in durable and unbreakable biobased plastics, made from sugar cane.
- Withstands both microwave oven and dishwasher.

Durable plates produced in robust and impact-resistant plastic, extremely difficult to break. The white plates are made of Lexan and extremely robust. The BIO plates have more than 80% less carbon footprint compared to similar products in conventional plastics.

Sold in packs of 25 pcs.

Technical Data

145599 capacity 700ml.

Withstands temperatures between -40°C and $+100^{\circ}\text{C}$.
Safe for food contact.

Materials

Green Plates are made of bio-based plastics.

White Plates are made of Unbreakable Plastic PC.

Maintenance

Can withstand both microwave oven and dishwasher.
Resistant to all kitchen chemicals.

Please bear in mind that the use of strong coloring spices, e.g. turmeric, paprika, curry etc. in combination with fatty foods and high heat can leave a discoloration on the plate.

Warranty

The product is to be seen as 'reusable'* with a limited life span through its design and choice of risk reducing material, therefore no warranty is applicable.

Sustainability

Recycling as plastic. Can be recycled or combusted.

*'Reusable' plastic products are aimed to have a longer life span than ordinary disposable products. Dishwasher and microwave use is accepted, as well as mild detergents. However, we cannot guarantee maximum dishwasher cycles, microwave wattage, freezer or oven settings, since all machines operate differently.

ABOUT HIPAC

We are an Australian healthcare company that guarantees to stand behind all our medical products, both manufactured and imported, because we're here for the life of our products and clients.
