

Anti-Ligature Grab Rails

To assist in reducing the risk of patients harming themselves.

The Hipac Anti-Ligature Grab Rails are designed to minimise ligature points, whether installed horizontally or vertically. The sloping cap on the end is designed to minimise the possibility of something being looped completely around the rail without it slipping off.

Drainage

Open-ended design provides the ability for drainage and easy cleaning, unlike some infilled rails that trap water and waste, creating hygiene issues.

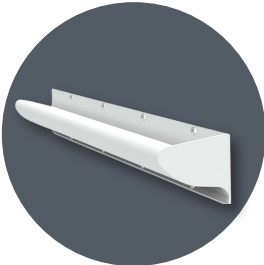

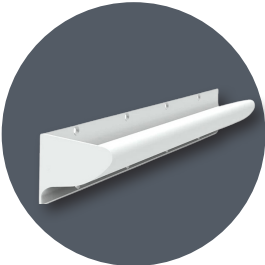

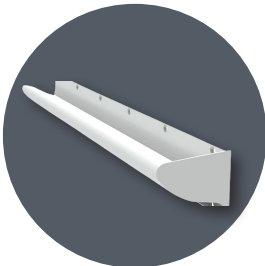

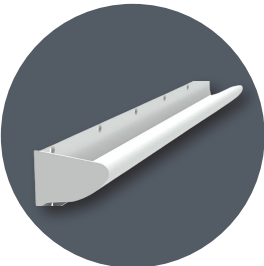

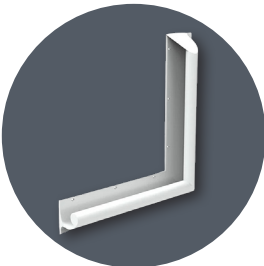

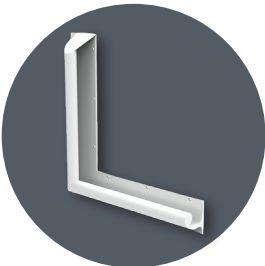

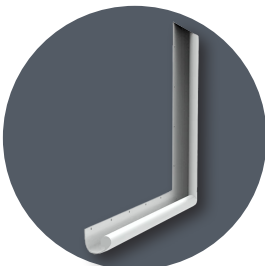

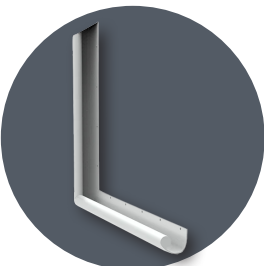

Refer to above diagram.

Usability

Provides an optimum gripping surface, allowing the hand to wrap around, unlike some infilled rails where you can't get your hand around the rail.

Refer to above diagram.

Grab Rail Standard Options

							
Left Handed Straight Rail 300mm		Right Handed Straight Rail 300mm		Left Handed Straight Rail 700mm		Right Handed Straight Rail 700mm	
Code: 117587		Code: 117596		Code: 116593		Code: 116594	
							
Left Handed Straight Rail 900mm		Right Handed Straight Rail 900mm		Left Handed 90 Degree Rail 450mm x 450mm		Right Handed 90 Degree Rail 450mm x 450mm	
Code: 116595		Code: 116596		Code: 120047		Code: 120048	
							
Left Handed 90 Degree Rail 700mm x 900mm		Right Handed 90 Degree Rail 700mm x 900mm		Left Handed 30 Degree Rail 700mm x 900mm		Right Handed 30 Degree Rail 700mm x 900mm	
Code: 116597		Code: 116598		Code: 116975		Code: 116976	

Other configurations available.

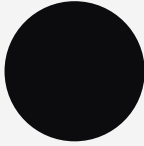

Retrofit Applications

Wide profile allows for the cover-up of holes and damage left by existing grab rails that need to be replaced.

Specifications

Configuration	Available in lengths up to 6m. Can be mitre joined at 30, 45 or 90 degrees
Fixings	Rails have countersunk fixing points to suit a 12G screw head
Finishes	Aluminium construction, powder coated finish

Standard Colour Options

			
Pommel Blue	Shale Grey	Pommel Blue	Black Gloss

Other powder coat colours are available upon request.

Disclaimer:
All products must be fitted as per the directions detailed in the individual product Installation Instruction Document. Hipac takes no responsibility for incorrect installation/operation of the product. By purchasing this product, you are confirming that the product will be fitted as per the instructions.
Please note that Hipac offers a range of measures designed to reduce the risk of self-harm or suicide and does not offer any guarantee that it will not take place. The solutions have been designed as a deterrent only.

ABOUT HIPAC

Operating at the forefront of healthcare, we strive to redefine what's possible.
We provide superior products, design expertise and total solutions to help create environments where nothing stands in the way of patient care.
